

## **satips** General Knowledge Challenge 2010

The results of the 2010 Challenge are attached together with cheques for the top schools and tokens for the winning pupils. A copy of these results may also be found on the *satips* website: [www.satips.com](http://www.satips.com)

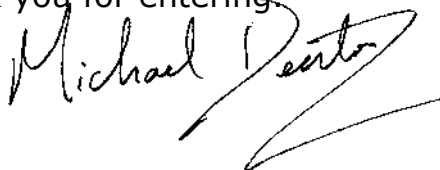

Many congratulations to all those who took part and, especially, to the senior winners, **Tom Allison** (*The Pilgrims' School, Winchester*) and **Philipp Thumfart** (*Westminster Under School, London*) and to the junior winner, **Will Turner** (*Marlborough House, Kent*). The winning schools were **Westminster Under School, London** (Senior) and **The Blue Coat School, Birmingham** (Junior).

We had 58 schools entering over 800 pupils in the Senior Challenge and 103 schools with 1700 entries in the Junior section. I am very grateful to both Gill Heather and Margaret Smallwood for their hard work marking the papers. I would also like to thank Alyson Cowlshaw for her administrative help and getting papers into the post on time. I am also very grateful to Timothy and Matthew Gibbs for helping to set the senior questions and to Margaret Smallwood for producing the junior paper. We did notice that a few schools had papers but did not send them in for marking!

We are aware that the senior Challenge was rather tough this year. Gill Heather, the marker, was very impressed with the answers given and mentioned that while no one scored 100%, every question had been answered correctly across all the papers.

We hope your pupils enjoyed taking part and that you felt it was a worthwhile exercise. Next year's Challenge will be at the beginning of February 2011. Details will be posted on the website nearer the time.

Thank you for entering

Michael Denton,
